**The Council Tax Benefit Regulations 2006**

These Regulations consolidate existing provisions relating to council tax benefit for claimants who have not attained the qualifying age for state pension credit, together with those who have attained that age and are receiving either income support or income-related jobseeker's allowance. In the case of a woman the qualifying age for state pension credit is pensionable age and in the case of a man it is the age which is pensionable age in the case of a woman born on the same day as the man (section 146 of the State Pension Credit Act 2001). Provisions relating to council tax benefit for those who have attained the qualifying age for state pension credit are contained in the Council Tax Benefit (Persons who have attained the qualifying age for state pension credit) Regulations 2009.

**The Social Security and Child Support (Decisions and Appeals) Regulations 1999**

These Regulations are made by virtue of, or in consequence of, provisions in the Social Security Act 1999 (c. 14) ("the Act") and supplement changes introduced by that Act in the decision-making process for social security and related matters. The Regulations also provide for the procedural rules and other requirements of a new unified appeals system introduced by the Act for social security, contracting out of pensions, child support and vaccine damage.
